SUMMARY

I'm Al Mottasim Riyad, a final-year Computer Science student at United International University. I'm passionate about learning new technologies, solving problems, and improving my coding skills every day. I am interested in Artificial Intelligence and Machine Learning. I have good time management skills and currently learning web development.

SKILLS

Top Skills C (Programming Language), C++, Java

Web Development HTML, CSS, JavaScript(ES6), React.js

Tools & Technologies Git & GitHub, VS Code, Arduino & ESP32, MySQL

Core Computer Science Knowledge Data Structures & Algorithms, Operating Systems, Database Management Systems

Soft Skills Problem Solving, Teamwork, Time Management, Communication

Interests AI, Machine Learning

Languages Bangla, English

PROJECTS

SafetyNet - Mobile APP

- SafetyNet – Women Security Application
 - Developed a security-focused application aimed at enhancing women's safety.
 - Features include emergency alert system, location sharing, and quick contact access.
 - Designed with user-friendly interface and real-time responsiveness.
 - Technologies used: JavaScript, React Native, PHP, SQLite.

HealthyLife

- Personalized Diet Recommendation
 - Tech: HTML, CSS, JavaScript, PHP, SQL
 - Users** track food intake, get diet plans & calorie alerts dashboard.
 - Dietitians** create meal plans & give feedback.
 - Admins** manage users & plans. Includes automatic **calorie limit warnings** and **daily reports**.

AWARDS

1st Runner-up, UIU CSE Project Show For SafetyNet - Mobile App(AOOP Lab)

EDUCATION

BSc in CSE, United International University (GPA: 3.20)

Sep '22 — Present
Dhaka, Bangladesh

SSC, Shaheed Colonel Kazi Emdadul Haque Public School,BGB, Rajshahi (GPA: 4.94)

2019
Rajshahi, Bangladesh

- Rajshahi Board

HSC, Shaheed Buddhijibi Government College,Rajshahi (GPA: 5.00)

2021
Rajshahi, Bangladesh

- Rahshahi Board

CERTIFICATIONS

Computer Office Package & Internet Browsing, Bangladesh Small and Cottage Industries Corporation (BSCIC), Rajshahi
